

masterly exhibition in the second half. Although on the small side he manages to reach the high shots well, and his diving was a revelation. McLaren, who plays right half, played schoolboy international for Scotland against England in 1921, and is only just turned sixteen. At home he always played full back, but the Bury's prefer him at right half. With a little more experience of local conditions this boy is going to make a name for himself. He is a great tackler, has wonderful control over the ball, and feeds his forwards like a veteran, swinging the ball about with great judgment. The Bury's opening has not been auspicious, but when the new men get settled down, and an outside left obtained, they will more than hold their own with the best of 'em.

A TEAM AT GRIFFITH.

From the "Area News."

These clippings sent from Griffith indicate that the game is making progress in the country.

The Soccer boom continues, the meeting held at Messrs. Gambell Bros., Yambil Street, to form a club at Griffith, being most enthusiastic. The new club started well, seventeen members enrolled at the meeting and there is every prospect of at least 30 playing members coming along.

Subscription was fixed at 5/- and attractive colors, two blues, quartered, were chosen. The matter of a playing field was considered, and an effort will be made to secure the oval next the barracks. The election of officers resulted as follows:—Patron, Mr. Ferguson; President, Mr. W. Blackwood; Vice-Presidents, Dr. A. E. Burrell, Messrs. J. P. Fallon, L. Chettle, J. Wood, C. Mayes, A. Gambell; Secretary, Mr. L. Ray; Assistant Secretary, Mr. A. Blackwood; Treasurer, Mr. J. K. Lang; Instructor and Adviser, Mr. C. E. Evans; Committee, Messrs. C. Mayes, A. Gambell, C. E. Evans, O. E. Evans, A. Blackwood, W. Blackwood, P. Burns, S. W. Welch, and S. H. de Duin. A Selection Committee will be elected later.

the services of Mr. Evans as coach—he knows the game thoroughly, and has the knack of imparting his knowledge.

PRACTICE GAME AT HANWOOD

The Hanwood Soccer team held their first practice game on Sunday, the lads turning out in great style—20 taking part in the game—and showing surprisingly good form for a first knock. Busby, at goal, was the bright particular star, while Cliff and Jackson, centre forward and right wing respectively, showed great promise. A good game ended in a draw—3 all.

Soccer players should lose no time in getting in touch with local teams. Messrs. A. Blackwood or L. Ray will give full information, etc., in regard to Griffith Club, and Mr. A. Hollinsworth, Secretary of Hanwood Club, will do likewise in regard to that side.

A general practice game will be held on the Hanwood Oval on Sunday next, between members of the Griffith and Hanwood Clubs. A full muster of intending members of both teams is expected, when two trial games will be staged.

Grounds Control.

The publicity given to the fact that the four football associations have been meeting regularly to discuss matters which to all of them are of vital importance, with a view to arriving at an agreement is proof positive that such matters are of public interest and moment; and it is time that the public, through its spokesmen, the members of the Legislative Assembly, began to take up this question, namely, that of grounds control. In a sport-loving country such as Australia is, it would naturally be taken for granted that with the young men of the community pursuing various games, that playing fields and sports areas set aside for the use of the people and moreover belonging to and being kept up by the people would be of easy access to sporting bodies. Sport is however being hampered and cramped by the conditions obtaining at the present time. Unless an Association is very sound financially it is almost impossible to make anything like a successful tender for a first-class metropolitan ground; this gives the smaller people very little chance of gaining public interest.

This in itself is to be deplored, especially from a sportsman's point of view, but there is the broader aspect of the question to be also considered. It goes with argument that anything that helps to build up the physique of the nation is to be encouraged, and facilities for clean healthy sport should be easy of access; again the interchange of visits of our country's champions with those of other countries is one of our greatest advertisements; and

that although increases of one to a couple of hundred per cent. have been obtained in the past few years, the trusts are still not satisfied, and are pursuing their way as a purely business organisation, instead of as public trustees for the people's property. The latest illustration of this attitude is the action of the Hornsby Council in respect to Waitara Park.

Great improvements were effected to the park in forming a large oval and fencing it, also making a dressing stand reserve; the oval is one of the finest around Sydney,

G. FOREST.

and is a credit to the Council, but the price asked by them for the season in addition to certain restrictions, make it impossible for players to entertain the idea of securing the ground; therefore the Council loses money, and the oval is lying idle half the season. The position generally is becoming acute, and one is brought to see that it is high time that something definite were done to have this matter righted publicly.

The publicity given to the fact that the four football associations have been meeting regularly to discuss matters which to all of them are of vital importance, with a view to arriving at an agreement is proof positive that such matters are of public interest and moment; and it is time that the public, through its spokesmen, the members of the Legislative Assembly, began to take up this question, namely, that of grounds control. In a sport-loving country such as Australia is, it would naturally be taken for granted that with the young men of the community pursuing various games, that playing fields and sports areas set aside for the use of the people and moreover belonging to and being kept up by the people would be of easy access to sporting bodies. Sport is however being hampered and cramped by the conditions obtaining at the present time. Unless an Association is very sound financially it is almost impossible to make anything like a successful tender for a first-class metropolitan ground; this gives the smaller people very little chance of gaining public interest.

This in itself is to be deplored, especially from a sportsman's point of view, but there is the broader aspect of the question to be also considered. It goes with argument that anything that helps to build up the physique of the nation is to be encouraged, and facilities for clean healthy sport should be easy of access; again the interchange of visits of our country's champions with those of other countries is one of our greatest advertisements, and the unreasonable terms required by some park trusts for the use of these, the people's own grounds, defeat the very object for which they were established.

There have been many cases recently in which it has been shown

that although increases of one to a couple of hundred per cent. have been obtained in the past few years, the trusts are still not satisfied, and are pursuing their way as a purely business organisation, instead of as public trustees for the people's property. The latest illustration of this attitude is the action of the Hornsby Council in respect to Waitara Park.

and is a credit to the Council, but the price asked by them for the season in addition to certain restrictions, make it impossible for players to entertain the idea of securing the ground; therefore the Council loses money, and the oval is lying idle half the season. The position generally is becoming acute, and one is brought to see that it is high time that something definite were done to have this matter righted publicly. We might have a duly constituted board appointed by the Government to assess fair rentals, and to see that every code of sport was given an equal opportunity. Parliamentarians should interest themselves in the question and see

whether they cannot provide a workable solution satisfactory to the paying public and the sporting bodies.

CANADIAN SOCCER TOUR.

By E. S. Lukeman.

With the arrival of our Canadian brothers to Australia, a little information upon the history of the negotiations, and of how the tour was brought about may be of interest to our readers.

During the tour of the Queensland team in 1921, a visitor in the person of Mr. W. R. Cowan, of Vancouver, a "Pilgrim" in the cause of Soccer, who has experienced the pleasure, etc., of refereeing games in many parts of our vast Empire, witnessed the game v Queensland at Wentworth Park Oval. He made himself known to our Billy Lincoln, George Martin, and Arthur Drew, and later in the afternoon to this scribe.

Over a glass of "lemonade" Canadian Soccer was talked of and comparisons were made between theirs and our standard; the whole

of our party was unanimous that an exchange of visits would be a fine thing for our countries and the game.

Mr. Cowan, later in the day, was the guest of the Metropolitan Association at the banquet to the Queenslanders, and there expressed the opinion publicly that we ought to bring these two integral parts of our Empire into closer relationship. He left our shores for Canada with warm feelings toward us, and a keen determination to use his best endeavours to secure his objective.

At that time Mr. David Ray was Secretary of the Canadian Association, and, after submitting this matter to the Commonwealth Association in January, 1923, I was directed to negotiate directly with Canada. For some time we could get no information until we learned that New Zealand were negotiating with them and had made progress.

Upon the arrival of the New Zealand team, we were advised that they had received an offer from Canada, and were prepared to discuss the question of the extension of the tour to Australia. Mr. Graves was authorised to confer with our people regarding this matter. Every opportunity was afforded Mr. Graves, and while in Queensland a conference was held. Mr. Barlow, representing C.F.A. interests, being present. Later Mr. Graves placed his proposals before the N.S.W. Association, at Newcastle, after the last test match there.

Finally, Mr. Graves, Mr. Barlow and myself arrived at the following conclusions:—

1. That N.S.W. and Queensland would subsidise the tour 50 per cent., with N.Z., on the initial liability.

2. That representation would be made by Mr. Graves to his Association to consider the question of allowing eight Saturdays in Australia and six weeks in the Dominions.

3. That he would represent to his Association the consideration of our policy of pooling gates and sharing profit or loss pro rata.

4. That a limitation of £1000 in regard to allowances to players

and the possibilities of the success of the tour were collected and supplied to Mr. Graves.

We were exceeding optimistic, and were greatly encouraged by the attitude of Mr. Graves, and fully expected some lead from N.Z. without delay.

Time went on, and nothing came to hand excepting a press announcement that the "Nanaino" (Canadian) team would tour Australia and New Zealand. Knowing the attitude of our various States. Mr. Barlow and I conferred, as the Executive of the C.F.A., and we immediately advised that we must have a representative side or none at all. Replies to correspondence with N.Z. regarding arrangements did not convey the impression that N.Z. were enthusiastic over the visit, but we were patient until November, when a letter arrived from Mr. John Russell, of Vancouver, a V.P. of the Canadian Association, and also from Mr. Cowan, advising us of the alteration of Hon. Secretary, and suggesting getting into touch with them at once.

Even then we were reluctant to proceed in view of our arrangement with N.Z., but the meeting of C.F.A., was drawing near, and it became imperative that something of a definite character had to be done, and that quickly.

After conferring with Mr. Barlow and Mr. Storey, I wrote and cabled the D. of C.F.A. They immediately replied, and when definite advice came to hand from England that the English tour was deferred until 1925, we closed with Canada, at the same time informing New Zealand of what had been done. The N.Z. F.A. took the matter rather badly, but having gone so far and done the very best we could, we did not permit it to deter us from going ahead—win or lose—with the project.

The boys are here; we are favorably impressed, and after last Saturday's game and their victory on the Coast during the week we look forward to Saturday's match with great interest.

SYDNEY SOCCER CLUB.

Opening Dance.

The Sydney Soccer Club held their opening dance and social last Saturday night at the Club headquarters, the Langridge School of Physical Culture. The main gymnasium hall was brilliantly decorated for the occasion, and about 150 members and friends spent a very enjoyable evening.

The whole of the Canadian team joined the dancers, after being entertained at dinner by the Association. When the Canadians arrived, about 9.30, the orchestra immediately changed the jazz to the tune of "For they are Jolly Good Fellows," which was the signal for a hearty welcome, and three rousing cheers introduced them to the dancers. The Canadians lost no time in finding partners and settling down to jazz rules. Mr. J. Adam, manager of the Canadian team, thanked Mr. Langridge on behalf of the team, and assured him that the "boys" had thoroughly enjoyed themselves.

Mr. G. K. Martin, Hon. Secretary M.S.F.A., and Mr. R. Storey, manager of the Metropolitan team, were also present. Vocal items were rendered by Mr. Lawson, Mrs. Kelly, and Miss Mayme Cain. Miss Gladys Talma and pupils of the Langridge School appeared in Eurhythmic dances.

Mr. T. A. Langridge, President of the Club, organised the dance, very capably assisted by Mr. Stan Kelly, who acted as Secretary. Mr. Norman Manning was M.C. The next dance and social has been fixed for June 14th, to enable the Canadians to attend, and tickets, 3/- single, and 5/- double, are obtainable from any Sydney Soccer Club member, or at the Club headquarters. CESSNOCK v. WALLSEND AT

TRAMWAY GROUND.

Play a two-all Draw.

Cessnock won the toss and Gibson kicked off for Wallsend. Wallsend were soon attacking, and E. Urwin sent across to Davidson, whose shot was well cleared by G. Williams. Give and take play followed, both goals being visited. Cessnock, however, were the first to score. McNaughton beat Owen, and when tackled by Tidbury, sent in a high centre. Hughes (Wallsend goalie) hesitated. C. Williams rushed in and put the ball into the net.

Wallsend should have equalised immediately after. Hannah fumbled the ball, but Davidson missed the easiest of chances. The same player again missed. McNaughton from a good run down the left wing, put over the bar.

A free was given against Cessnock for Thompson tripping E. Urwin. Roy Urwin took the kick. Hannah could not hold it, the ball rolling into the net. Half-time scores were 1 all.

In the second half some good football was produced, both teams striving to get goals. Bungi Gibson landed one for Wallsend, and C. Williams again scored for Cessnock.

Williams has now scored 5 goals for his team in two matches. He is fast, and takes advantage of openings. Captain Wedge Durie played a good game, as did Rowe. Thompson, however, did not play up to his previous Saturday's performance. Cessnock forward line will be a formidable one when Perce Lennard is able to take his place. In Wallsend team, Danny Rees was in wonderful form, and played a fine game. The half backs were all good, with perhaps old warhorse J. Johnson the best.

E. Urwin, outside left, played a great game, his centres being well placed, but were not connected with on many occasions. Referee Jim Sneddon handled the game well.

NEW LAMBTON v. ADAMSTOWN

who did attend were treated to a good game.

W. Stewart scored both goals for the winners, and G. Coate scored the only one for Adams town.

New Lambton deserved their win, and have gained 5 points out of a possible 6. Their future games awaited with interest.

W. LINNING.

WEST WALLSEND v. WESTON

Weston visited West Wallsend and suffered defeat by 3 goals to nil. Tommy Coates, for the Blues, played a brilliant game in his position at outside right, fully convincing the critics that he was the goods, also justifying the N.D.B.F.A. selectors in their action when they selected him for the position against the Fleet. T. McLauchlan and Sinclair were also combined well. Erickson injured his ankle, near the end, and is very lame.

Billy Smith also played a good game.

Austin, Oliver and Gilmore and Wingham were Weston's best. The last-named is a good shot and it was only brilliant work by Jack Coutts that he did not score.

and supplied to Mr. Graves, and were greatly encouraged by the attitude of Mr. Graves, and fully expected some lead from N.Z. without delay.

Cessnock won the toss and Gibson kicked off for Wallsend. Wallsend were soon attacking, and E. Urwin sent across to Davidson, whose shot was well cleared by G. Williams. Give and take play followed, both goals being visited. Cessnock, however, were the first to score. McNaughton beat Owen, and when tackled by Tidbury, sent in a high centre. Hughes (Wallsend goalie) hesitated. C. Williams rushed in and put the ball into the net.

Wallsend should have equalised immediately after. Hannah fumbled the ball, but Davidson missed the easiest of chances. The same player again missed. McNaughton from a good run down the left wing, put over the bar.

A free was given against Cessnock for Thompson tripping E. Urwin. Roy Urwin took the kick. Hannah could not hold it, the ball rolling into the net. Half-time scores were 1 all.

In the second half some good football was produced, both teams striving to get goals. Bungi Gibson landed one for Wallsend, and C. Williams again scored for Cessnock.

Williams has now scored 5 goals for his team in two matches. He is fast, and takes advantage of openings. Captain Wedge Durie played a good game, as did Rowe. Thompson, however, did not play up to his previous Saturday's performance. Cessnock forward line will be a formidable one when Perce Lennard is able to take his place. In Wallsend team, Danny Rees was in wonderful form, and played a fine game. The half backs were all good, with perhaps old warhorse J. Johnson the best.

E. Urwin, outside left, played a great game, his centres being well placed, but were not connected with on many occasions. Referee Jim Sneddon handled the game well.

NEW LAMBTON v. ADAMSTOWN

The newly elevated New Lambton team trounced Adamstown to the tune of 2 goals to 1. A very large attendance was present, but unfortunately the club were not allowed to take a gate, having to resort to the collecting box. Those

TRAMWAY GROUND.

who did attend were treated to a good game.

W. Stewart scored both goals for the winners, and G. Coates scored the only one for Adamstown.

New Lambton deserved their win, and have gained 5 points out of a possible 6. Their future games awaited with interest.

W. LINNING.

WEST WALLSEND v. WESTON.

Weston visited West Wallsend and suffered defeat by 3 goals to nil. Tommy Coates, for the Blues, played a brilliant game in his old position at outside right, fully convincing the critics that he is the goods, also justifying the N.D. B.F.A. selectors in their action when they selected him for that position against the Fleet. The McLauchlan and Sinclair wing also combined well. Erickson injured his ankle, near the end, and is very lame.

Billy Smith also played a good game.

Austin, Oliver and Gilmore and Wingham were Weston's best. The last-named is a good shot, and it was only brilliant work by Jack Coutts that he did not score.

NEATH v MAYFIELD.

Neath recorded their first win by defeating Mayfield by 4 to nil. Mayfield, however, were handicapped by the goalkeeper, Ske-

anxious to get up with the leaders, and will not take any chances.

JUNIOR GAMES.

Rovers defeated Barnsley 2—0.
Swansea defeated Dudley 7—0.
Their regraded goalkeeper, T. Jeffries, played a fine game. Chapman, who has repped goalkeeper, now fills the centre forward berth, and is just as good at getting goals as he is at stopping them.

Teralba played a three-all draw with Adamstown.

Killingworth managed to get one goal in front of Westy, while Minmi defeated Holmesville by 1 to nil. Islington and Young Wallsend played a scoreless draw.

In the fourth grade some very fine performances were put up. Cardiff, Adamstown, Boolaroo, Jesmond, Fernleigh, and Holmesville have not suffered defeat. This competition is very close, and the ultimate winner will be hard to pick.

Only two teams in the whole district record having no goals scored against them, one being Fernleigh in the fourth grade, and Merewether in the B grade. These two teams are leading in their respective division.

SENIOR MATCHES TO-DAY.

Kurri v West Wallsend, at Tramway. Referee, W. Stott.

Weston v Wallsend. Referee, R. J. Roberts.

Neath v New Lambton. Referee, C. Nix.

Mayfield v Adamstown. Referee, J. H. Sanderson.

Cessnock the bye.

Kurri only make two alterations to their team that played at Wallsend. T. McNab goes full back, and G. Hancock plays centre half, while M. Price takes Phillips' place at inside left. Dutchy is nursing a bad ankle. Westy are playing Frank Hayes centre half, that being the only alteration to the victorious team of last week. "Podge" Maunders was anxious to strip, but the selectors deemed it advisable to leave him off another week. His name, however, has been sent in for the team to be selected against Canada on Saturday, May 24th.

Johnny Parsons was an interested spectator at the match at New Lambton on Saturday. He is still using crutches to get about.

ISLINGTON TWO BLUES v. YOUNG WALLSEND.

A decidedly "off color" team took the field for Islington against Young Wallsend on Saturday last. They played much below their usual standard, and could only get off with a draw. Kempster was still suffering from the effects of the injuries received by him on the previous Saturday against Swansea, and as a result the speedy winger was for once a "passenger."

For the first half, the play was confined to "Youngie's" end, where the recent regraded Convery saved Wallsend on innumerable occasions.

At one junction of the game the Wall-

bat's the Blues forward division was badly crippled.

On resuming after the half-way respite, the Wallsenders, realising Islington's plight, played the game of their lives, and the game lost its one-sidedness.

There were no incidents of note in the second half, the play was hard and rugged, with a complete absence of science. The wet slippery ground and long grass mitigated greatly against the speed of the Blues, which is always a deciding factor in their game.

The whistle ended a scoreless game. Young Wallsend's several regraded players have made them a greatly improved team, and they will be a hard nut to crack on their own ground.

Captain Spowart would do well to move Kempster inside, and play either Wills or Hall on the wing. Cliff's hard-working bustling game is wasted outside.

Hall's injured leg has kept him out of the game so far, but the team hope to have his services on Saturday next against Teralba, at Wickham Oval. This is Islington's first game on their own ground, and thanks are due to Mr. Duffield for providing goal-posts.

4th GRADE.

Cardiff Fourth Grade played New Lambton at New Lambton last Saturday, the former team winning by two goals to nil. Cardiff won the toss and New Lambton kicked off. It was a very even game until half, but after that Cardiff were superior to New Lambton. Straker scored for Cardiff with a fine shot from the left wing, and Hodgins, after tricking the centre half, and the two backs ran through and scored. The latter player was easily the best on the field.

At one juncton of the game the Wallsend forwards received the ball from Convery, who cleared with a high punt, but they were badly offside. Play was resumed in Wallsend's half. Will's receiving the ball, put in a good shot, and was unlucky not to score. Campbell received a nasty knock, and had to leave the field for a short period, and with Kempster practically "hors de com-

bat" the Blues forward division was badly crippled.

On resuming after the half-way respite, the Wallsenders, realising Islington's plight, played the game of their lives, and the game lost its one-sidedness.

Last Week.

In the early match at Leichhardt Oval last week some of the players were decidedly off. The two goalies certainly played good football, as did Harrison. The final scores—B Division 2, A Division 1, was a fairly true reflex of the play.

The Goulburn Team.

Mr. R. H. Henry met the team at the Railway Station at 5.30 a.m., and remained with them throughout the day. After breakfast, Robert Greig, Esq., M.L.A., conducted the team through Parliament House, explaining the uses of the various rooms. After a most interesting tour, Secretary Livingston and his team gave the members three cheers. They were then taken to the Sports Club, where Mr. Steve Stack, Acting Chairman of N.S.W. S.F.A., welcomed them on behalf of that Association. Mr. Henry then, thanks to the courtesy of Mr. Underwood, conducted the team over the club, explaining the various places of interest.

The match commenced at 3 p.m., and at first it looked as though the Maroons were going to have things all their own way. The score soon became 2-0. At lemon-time the register showed 3-1. Just before then the Goulburn skipper, R. Buchanan, who had been playing a fine game, had the misfortune to injure his right ankle, and was taken to the Royal Prince Alfred Hospital. After the interval Goulburn woke up and made the score even, 3-3. The Churches were lucky it was not worse. Brinkly, McMurray, and Wheatley played well for the visitors. The shining light of the home team was Park, who brought off some magnificent saves, and was ably supported by Kelly and Havill. Capt. Stanhope must have been nervy at being in such classical company, and could do nothing right. His wing men were rather better. In the forwards Linsley was absolutely on his own. Marsden hangs off side far too much. The centre trio were far too greedy, which is the most fatal mistake a player can make.

the chair. During the course of his speech, Mr. Crommen, President of Goulburn, mentioned that the fact that he had hopes of seeing a Southern League in the near future. He stated that Harden, Crookwell, Kenmore, the Woollen Mills and Marulan all had Soccer teams going. After dinner the team returned to Goulburn.

Selection Committee.

Perhaps it would be as well if a different committee were selected for each grade.

Matches.

St. John's Bal. A got home mainly owing to the fine work of their keeper, J. Muir. H.P. Congs. did not seem able to get into their stride. St. Paul's started off well, but after about 20 minutes eased up, and after a very even game were unlucky to lose 2-1 to the Mission. A protest has been entered, but no decision had been reached up to time of going to Press. Aidan's A bit the dust at the hands of Lakemba Congs. A. 2-0. Miton and Vaux were conspicuous. In a rather tame game, Ryde Meth. were able to notch one point, the other going to St. Clement's. A feature of the game was the wild kicking of both teams. Moore, Ray and Simons were the pick of the field.

St. John's Glebe had their victorious career cut short last week, the culprits being H. Pk. Meth. Blakely and Sing were always there when wanted. Thanks to their backs, St. Bedes were able to toss A'dale Meth. 2-1. St. Bedes have put in an application to be allowed to represent the Association at Kearsley. They will pay their own expenses. Lakemba Congs. B followed in the footsteps of their seniors, and won with the same margin. The Biggs Brothers and Lawson were in good form.

Weight, not play, defeated Drum. Bapt. Junrs. last week. They played good football, but were dwarfed by St. Stephens' Kingston. The score, 5-0, was not a true reflex of the game. The two Thompsons and Butler were in the limelight. St. Silas tossed Botany Meth. B sky high 3-0. On the play St. Silas should have

mitted them. W. Chapman and A. Harrington are a fine pair of backs, but still the game between Newtown and St. Stephen's was deadly tame.

M'kville Pres. and Botany Meth. A should be an interesting match to-day Newtown Congs. A and Enmore Tabs should have no difficulty in getting home. L'hardt Meth. and Austen's F.C. will be another very interesting game to-day, both teams being in good form. A draw would be an equitable result. St. John's Glebe should have no difficulty in returning to their victorious march to-day.

St. Aidan's A v Ryde Meth. will be another close game.

Management.

M.C. has now its full complement of members, the new members being Mr. C. A. Harmon, of 275 Belmont Street, Alexandria, and Mr. Havill, of 14 South Av., Leichhardt. The remaining members give them a hearty welcome.

Corner Flags.

Teams are hereby informed, in terms of the Council meeting held on 6th inst., that in future two corner flags must be carried by each team. Defaulters will be reported to management, and punished as that body deems fit.

Meetings.

On and after Tuesday next all Association meetings will be held in Leichhardt Meth. School Hall, Wetherill Street, next to Post Office.

THE EVER-INCREASING CROWDS.

By T. A. Langridge.

Whatever doubts may have clouded the minds of the cynics in respect to the spectacular attraction of Soccer football must surely have been for ever swept away on Saturday last when at the game between Metropolitan and Canadians there was a gate of more than 20,000 people. The game has at last come into its own. We are now at the threshold of great things in Soccer, and both from sporting and financial aspects the future holds out golden promises. As the crowds at the matches increase in number, the games are bound to become faster; and competition, zeal for one's side, emulation, and the desire to be able to say at the end of a match, "We won!" all will gain in keenness. The barracking of tens of thousands of wildly enthusiastic partisans demands a tremendous physical response from the players, and naturally

our own Metropolitan team, the elements which might have turned the scale in our favor, the question at once arises whether there may not have been some slight error of judgment in giving them just a little "too much of the ball" and outdoor running prior to the match. A really good player—and there were eleven such men in the Metropolitan team—knows exactly what to do and how to do it with the ball, and it is an opinion (in which I personally share), held by many experienced trainers that there can be quite easily "too much of a good thing" done in the way of keeping the men constantly on the ground kicking the ball about and running, and so on. There is enough of that, at the match itself. Every trainer fancies his own style, naturally; but quite apart from that, I have always found that the essence of satisfactory physical training consists in varying the exercises given. In connection with Soccer teams, change from the ball-work on the field, to the brisk harmony of musical calisthenic movements in the gymnasium certainly as the saying goes, "makes all the difference" and it might have made all the difference last Saturday. I quite recognise, of course, that this is merely a "point of view," but it seems to me to be at least a very reasonable one. After all, what we want to do every time is to win!

AUBURN UNITED CLUB.

The above club's fixtures last Saturday resulted as follows:—
"Under 18 A" beat "Under 18 B" 2 to 1, after a hard and fast game.

L. Baden, the goalie for the team, gave an exhibition worthy of any senior grade, his "saves" being remarkably good. Ryan and Cross also played a sterling game.

In the A team, H. Munday at back, G. Grainger at right half and T. Noonan at centre forward did yeoman service to their team and this trio will upset the "big guns" in the near future.

The under 16 A team proved too good for Parramatta United to the tune of 5 to nil. C. For-

dent of Goulburn. mentioned that the fact that he had hopes of seeing a Southern League in the near future. He stated that Harden, Crookwell, Kenmore, the Woollen Mills and Marulan all had Soccer teams going. After dinner the team returned to Goulburn.

Selection Committee.

Perhaps it would be as well if a different committee were selected for each grade.

Matches.

St. John's Bal. A got home mainly owing to the fine work of their keeper, J. Muir. H.P. Congs. did not seem able to get into their stride. St. Paul's started off well, but after about 20 minutes eased up, and after a very even game were unlucky to lose 2—1 to the Mission. A protest has been entered, but no decision had been reached up to time of going to Press. Aidan's A bit the dust at the hands of Lakemba Congs. A. 2—0. Miton and Vaux were conspicuous. In a rather tame game, Ryde Meth. were able to notch one point, the other going to St. Clement's. A feature of the game was the wild kicking of both teams, Moore, Ray and Simons were the pick of the field.

St. John's Glebe had their victorious career cut short last week, the culprits being H. Pk. Meth. Blakely and Sing were always there when wanted. Thanks to their backs, St. Bedes were able to toss A'dale Meth. 2—1. St. Bedes have put in an application to be allowed to represent the Association at Kearsley. They will pay their own expenses. Lakemba Congs. B followed in the footsteps of their seniors, and won with the same margin. The Biggs Brothers and Lawson were in good form.

Weight, not play, defeated Drum. Bapt. Junrs. last week. They played good football, but were dwarfed by St. Stephens' Kingston. The score, 5—0, was not a true reflex of the game. The two Thompsons and Butler were in the limelight. St. Silas tossed Botany Meth. B sky high 3—0. On the play St. Silas should have won about 5—0. Weight also was the main factor in the winning of St. Luke's, 5—1. This team is an exceedingly heavy team for 3rd grade. The Association must have been asleep when they ad-

ded. As yet still the game between Newtown and St. Stephen's was deadly tame.

M'kville Pres. and Botany Meth. A should be an interesting match to-day Newtown Congs. A and Enmore Tabs should have no difficulty in getting home. L'hardt Meth. and Austen's F.C. will be another very interesting game to-day, both teams being in good form. A draw would be an equitable result. St. John's Glebe should have no difficulty in returning to their victorious march to-day.

The barracking of tens of thousands of wildly enthusiastic partisans demands a tremendous physical response from the players, and naturally exacts from them a perpetual need for perfect fitness.

The key-note of all the comments of the Press in regard to last Saturday's great game was once again "Condition"; and, weighing first of all in respect to

may not have been some slight error of judgment in giving them just a little "too much of the ball" and outdoor running prior to the match. A really good player—and there were eleven such men in the Metropolitan team—knows exactly what to do and how to do it with the ball, and it is an opinion (in which I personally share), held by many experienced trainers that there can be quite easily "too much of a good thing" done in the way of keeping the men constantly on the ground kicking the ball about and running, and so on. ILLAWARRA DISTRICT ASSOCIATION.

Tarrawanna, by defeating Helensburg away and Coledale at home, shared honors with Woonona at present. Tarrawanna's win over Coledale was a big surprise to most followers. "Scot" Drain, after an absence of a number of years, turned out for Tarrawanna in goals. He was unfortunate enough to have two ribs broken in his second game. Thompson, of Balgownie, was the most brilliant player against Corrimal. Not one man of the 22 played a bad game. Balgownie led by two goals to nil, in the

first grade and both teams through the ordeal with flying colors.

Thirroul and Helensburg played a one goal draw. Both teams secured their first point for the season.

In the second division the newly-formed Mount Kembla team has a one point lead over Scarborough, Corrimal Thistles, Port Kembla, and Coledale are running close.

Many changes are sure to take place in the next few weeks.

At the time of writing prospects are exceedingly bright for a big crowd at Woonona on Wednesday, to see the Canadians in action. Most of the mines have made arrangements to make an early start in order to give the men an opportunity of seeing the game.

Mr. Cunningham's resignation from all positions in the I.D.S.A. has caused considerable comment. A special meeting will be held to-night (Saturday) to elect his successor.

SEASON TICKETS.

Available NOW.

Season Tickets available for all matches played under the jurisdiction of the Metropolitan and Granville Association, including Interstate and International matches, are now available at the following prices:—

Gentleman's ticket—22/6.

Ladies' Ticket—10/-.

Ladies' and Gentleman's tickets together, 30/-.

These prices include tax.

These tickets may be obtained from Mr. Stephen Steck or Mr. S. Storey, at the Sports Club, Sydney, between 1 p.m. and 2 p.m., or from Mr. F. C. Packer, c/o. Baxter and Chatfield, 30 Pitt Street, Sydney, in business hours.

Some Impressions.

Chapman, the best forward in the side, and likely to score a lot of goals in Australia.

Forest, a dainty little player, very tricky, and a good shot.

McLean, as cool as a cucumber, has a wonderful left foot kick.

Abbreviated Laws of the Game

Eleven players form a team. For positions see team list.

HANDLING THE BALL.—The goalkeepers only may play the ball with their hands, and they only within the penalty area. **INTENTIONAL** handling only is penalised by a free kick to the opposite side, opponents keeping back ten yards.

OFF-SIDE.—This is the hardest rule of all. A player cannot be off-side in his own half of the field of play, nor when the ball is last played by an opponent, nor if he is behind the ball when it is last played. He cannot be off-side when a corner kick or throw-in is taken, this protection ceasing when the ball is again played by one of his own side. With these general exceptions a **PLAYER MUST HAVE AT LEAST THREE OF HIS OPPONENTS NEARER THEIR OWN GOAL LINE.** To be penalised a player must be playing the ball or interfering with the play.

THE CONDUCT OF CROWDS.

(Contributed by J. McDougall.)

On looking around the Show-ground last Saturday I was reminded of an excellent article by "Tityrus" in a recent issue of that well-known sporting paper, "The Athletic News," and extracts therefrom will certainly be of great interest to our patrons. We in this country are not troubled to any great extent by the "Patrons" who are not wanted, referred to therein, nevertheless we must be prepared for any eventuality in this regard to ensure the protection of the great sporting patronage extended to us at the present time, and it is well to look to the future. Although the article is intended for the Old Country, we can derive much benefit therefrom.

ST. GEORGE ASSOCIATION.

The St. George Soccer F.A. concluded their third round last Saturday.

Kogarah is unbeaten, and heads the League table with 6 points, with goals 18 for, and 4 against. The chief matches were played at the St. George Sports Ground. Kogarah defeated St. George by 4 goals to 1, which came as a surprise, as it was expected that St. George would fully extend them. On the No. 2 Ground it was undoubtedly the better match between Arncliffe and Penshurst United. This match was originally selected to be played on No. 1 ground, and it was a pity that the management committee did not adhere to their original fixture. This match was one of the best seen on the Sports Ground this season. Throughout the game it was hotly contested, and it was a case of defence versus defence right throughout; however, the game ended in a draw, one goal each.

TO-MORROW'S GAMES.

The chief fixture to-morrow at the St. George Sports Ground is on No. 1 ground, Kogarah v. Brighton. The latter team is confident that they can defeat the leaders. However, Kogarah is playing so well that it will take a good team to beat them. On the No. 2 ground Cronulla will play Rockdale, and as these teams are evenly matched no doubt an even game will eventuate.

the same way they have the right to groan or moan. But let there be an end to these displays.

Let every man round the ring remember that Britons are respected for their strong sense of fair play to keen contestants. Be fair to both teams, applaud the good play of your opponents, condemn foul work by your own side, and, in fact, remember that football is a sport, and that your club will be the visitors next week.

The fixtures are as follows:—

HOW TO PLAY "SOCCER."

By R. H. Midgley (Continued.)

Duties of a Centre Half Back.

This player is, of course, the pivot of the team, and has more work to do than any other player on the field. He has a roving commission. He should mark the three inside forwards opposing him, assist his own forwards in an attack, distribute the ball judiciously to his forwards, and, if needs be, fall back and assist his full backs. Rather a tall order, I admit, and yet we saw what a man could accomplish in this regard when Benson, the Fleet centre half, was in action. He did all these things without the least bustle or hurry. He just seemed to walk or waddle around, but was always in the right spot at the right time. What a change to many of our centre half backs who race and rush all over the field without being half as efficient as Benson was. The secret is—learn to anticipate your opponent's movement. This will save you lots of needless energy.

The Wing Half Backs.

In my opinion the wing half back should mark the outside man opposed to him. I advocate this because most Sydney teams exploit the wing man to make openings for the inside forwards. If a player can completely hold up one player he will be doing his side far more good than trying to stop two. Remember when you get the ball it is not sufficient to boot it up field haphazard. Carry the ball to your forwards, and try to draw at least one of the opposing defenders toward you before pushing the ball to your forward. When you do pass the ball give it in such a manner that a man can gather it in his stride.

The Centre Forward.

A centre forward should learn first of all to shoot. The harder and oftener the better. Only continual practice will give you accurate direction. Every opportunity you get try shooting at goal, and in a match develop the habit of having a shot at every opportunity. By this I do not mean be selfish. If you see an inside forward placed in a better position by all means pass the ball to him. Do not try to score from the half-

way line, but on the other hand do not cultivate the habit of trying to dribble the ball through. Learn to hit the ball first time. Many opportunities are lost in front of goal by players tapping the ball first here, then there. A first time shot oftentimes will take the defence unawares, whereas "he who hesitates is lost," or at least the ball is. If you are not in a position, or the ball does not come to you in a way to enable you to make a first-time shot, it is necessary to "trap" the ball and work for an opening by dribbling, or drawing the defence to make an opening for your inside forwards. Learn to "trap" a ball correctly by putting your foot on top of it as it comes to you, thus stopping it dead.

The Inside Forwards.

This position is a most important one, and often a team is successful or otherwise according to the ability of its inside men. An inside forward should develop control of the ball and craftsmanship. He has to be the forager, and should fall back and assist his half back when necessary. A forward line should work in the shape of a squat W with the inside forwards slightly behind the centre forward and wing men. Get to understand your wing man's play and ascertain how he likes a ball placed. Some wing men like a ball well forward, others more square, but do not place a ball behind him. You waste time and give the opposing half-time to cover him. Learn to play with your half back as well as your forwards! Swing to ball over to the opposite wing occasionally. A half back soon gets the strength of a player who always exploits the same movement. Make openings for your centre forward, but at the same time have a shot at goal as opportunities occur. Let your brains and feet work in harmony. Be quick in making a decision as to what your movement is going to be and develop your footwork, so that you can execute your ideas rapidly. We have many clever footballers here, but their execution is too slow and stereotyped. A good boxer never telegraphs a blow. A good footballer should

wing. The best pair I ever saw were Joe Bache and Albert Hall, who played for Aston Villa some 12 to 14 years ago. These two interchanged positions frequently in making a run down the field. If the outside man cut in the inside man went out, and vice versa, and I have seen them bamboozle the finest defenders in England with their clock like precision. Bache was undoubtedly a star inside left, but I have seen many more brilliant wing men than Hall, but as a pair they were unrivalled. Wing men should remember it is not policy to always run down to the corner flag before crossing the ball. Many speedy men overrun their inside forwards, and when they centre they find no inside men up to receive the ball. Use your brains as well as your feet. Look for the man in the best position to receive the ball and learn to place in accurately. A lusty kick across the mouth of goal is not advantageous because often your inside men are unable to gather the ball. A centre placed a few yards in front of the goalkeeper and between the full backs is the ideal, and a good centre forward should be able to turn to good account. Wing men should not attempt, as many do, to score from impossible angles.

Having dealt with each individual position, I will now conclude with a few generalities. Players should note it is not now necessary to notify the referee of their intention to resume playing after having left the field through injury. In fairness to the referee, however, a player should let him know in some way that he is resuming.

Players should always be well shod. Get boots that fit you, and keep them laced tightly. Get correct Soccer boots and keep them well greased. See they are studded or barred correctly. These little things make a lot of difference to your play. If you want to be a good player don't drink or smoke cigarettes. Train assiduously. Tuesday night physical exercises and a massage are recommended. Thursday night sprinting, and if possible ball practice and plenty of skipping and massage.

yourself in the dressing room to ungentlemanly conduct.

I heard an interesting problem discussed the other day. A goalkeeper takes a goal kick, and the ball goes up in the air, and as it drops the wind catches it and carries it into the goal. What should the goalie do—let it go in the net or catch it and clear? The answer is, he should let it go into the goal. The opposing side would then have a corner kick, because a goal cannot be scored from a goal kick. By stopping the ball he commits an offence for playing the ball twice before it has been played by another player, and a free kick is awarded against him on the goal line.

Remember the offside rule applies to a man's position on the field, "when the ball was last played," and not his position when he receives the ball.

It is not a breach of offside law to stand in an offside position, but only when in that position a player causes the play to be affected either by interfering with an opponent or with the play.

When a free kick has been awarded, the kicker's opponent shall not approach within ten yards of the ball unless they are standing on their own goal line.

THE PASS BACK.

I am a great believer in the pass back to the goalie when the defence is being pressed. The method I know is very unpopular on many grounds. But personally I consider it one of the soundest defensive moves on the board. As far as I can remember it has not let any sides down. On the other hand it has been employed with advantage many times. When corner kicks are being taken—ways an anxious moment for the goalie, especially if your side is leading, and it is almost time for the final whistle—I think the goalie stands a better chance, if he advances a little way from his charge. You never want to find a ball when it is possible to catch it and kick clear.

Above all things the young goalie must avoid playing to the gallery. His is a serious job, and as such he must regard it. More often than not he is made to
